## Castle of the Chevaliers

Has Been Formed at Conneaut Harbor.

Widows' Outing of W. V. R. U. Postponed.

Hot Weather Doings Among the Local Lodges.

Akron Castle held an interesting meeting Wednesday evening, with the new officers in their places.

Prof. O. E. Olin, Noble Chevalier, upon entering the duties of his office, spoke at some length on the organization of Akron Castle and of the duties devolving upon Past Noble Chevalier Prof. H. V. Egbert in bringing the Castle to the high standard of success that it has attained and expressed for the members of the Castle their hearty appreciation of the work done by the Past Noble Chevalier during his term of office. This was manifested by a unanimous vote of the Castle, thanking Prof. Egbert for his untiring efforts in its behalf and for the interest he had manifested in the work.

Past Noble Chevalier Egbert responded feelingly to the Noble Chevalier and the Castle, assuring them of his present and continued interest in the work, and stated the fact that during his entire term of office he was absent but twice; once on account of sickness and once on account of absence from the city. He assured the Castle that he would still be found at his post ever ready to advance their interest, and heartily thanked them for their cheerful co-operation with him during the time that he served as their Noble Chevalier.

A number of applications were received and acted upon favorably.

The next meeting of the Castle will be on Wednesday evening and a large attendance should be present.

Supreme Secretary Stratton assisted District Deputy Cole in the institution of Harbor Castle, No. 29, at Conneaut, Friday evening. This Castle is made up of representative business men and their good wives, who have come from far away Finland to make their homes where they will not be under the iron heel of Russia. They are among the most prominent citizens of Conneaut, many of them having been in this country for some years. They own their own hall, have a splendid band, which was present at the meeting, and the Castle starts with a wonderful amount of enthusiasm.

Columbia No. 21 will hold a special session Thursday morning at 9 o'clock, called for the purpose of hearing reports of investigating committees on applications presented at last meeting, and to ballot. Members will please take notice and be promptly on hand. Reports of representatives to state convention were read and accepted with

"LUCKY"

Is often the name given by careless and thoughtless people to those who are careful and thoughtful. "What a lucky woman," is said of one whose health and beauty proclaim her free from womanly diseases. The luck often consists in her having thoughtfully considered the merits of Dr. Pierce's Favorite Prescription and proved its ability to cure the disease peculiar to her sex.

"Favorite Prescription" is a reliable medicine for the cure of womanly diseases. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

Lenox, Mass., July 14.—The most magnificent wedding of many years took place here on July 8. Miss Lila Vanderbilt Sloane was married to W. B. Osgood Field, and the wedding guests were the elite of Eastern society. The presents to the young couple exceeded in value one million of dollars.

Instructions to the secretary to read them again at a future meeting when all could hear.

Three applications for membership were presented by Sister Seymour. One presented at a previous meeting was reported by the committee, balloted for and accepted. More propositions are on the way. Sisters Golden, Arnold and Cora Rodrick were reported sick. Some choice fruits were sent to the sick sisters. Please remember to visit them. A visit or a flower given to the sick is worth a wagon load at other times.

## W. V. R. U.

The members thought best to discontinue meetings until August 21, when a full attendance is desired, as delegates to the national convention will be elected. Remember the date of the next meeting.

## Poisoning the System.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dullness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DoWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress.

## SOCIALIST

## Addressed a Small Meeting Here Sunday.

John D. Goerke, a Socialist labor agitator from Cleveland, addressed a very small audience at Carpenters' hall, Sunday afternoon, but his hearers seemed to be thoroughly in sympathy with his sentiments. Goerke is doing missionary work for the Socialist Labor party, and the meeting Sunday was an incident in the crusade. The speaker is very forceful, is well read, and thoroughly informed upon the subject he handles, and his hearers listened with almost breathless attention as he described conditions and planned for the "abolition of the Capitalistic class." Goerke wants to form a society of those in sympathy with Socialism in this city.

## Mother Always Keeps It Handy.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now, at the age of seventy-six, eats anything she wants, remarking that she fears no bad effects as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic.
